Cocooned in oblivion for eons and sculpted into the ancient landscape by a mysterious lost humanity, the Markawasi plateau reawakens at this pivotal moment in history.

"It is an honor and privilege to contribute the Introduction to this guidebook on the stone monuments of Markawasi. There are lessons to be learned from Markawasi that will benefit all of humankind. Markawasi as a whole, I believe, represents one of the quintessential high holy spots on Earth. There are many ways to describe it: in terms of a power point or power place, a center of power, an Earth vortex, a chakra point of the living Gaia, or a congruence of planetary ley lines or ley lines. No matter what words are used in an attempt to express the nature of Markawasi, they will never do it full justice. The ineffable aspect of the plateau must be experienced."

Robert M. Schoch, Ph.D., author of Pyramid Quest, Voyage of the Pyramid Builders, and Voices of the Rocks

An invaluable guide to a cultural treasure.
